KS1

Written by Jacob Dorman

Year 1 are learning about Grace Darling in their topic lessons and exploring why she was a significant figure in history. They are looking forward to learning about what she did and why she was so important. Year 1 are most looking forward to learning about how she saved lots of people from a stormy sea and are excited to make their own lighthouse in DT too!

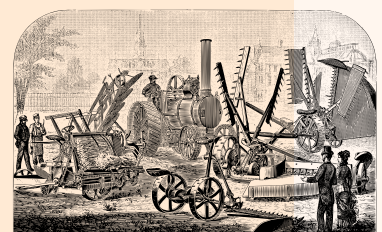

Year 3/4

Written by Rosie Lindley and Callie Sapstead

This term in Year 3/4 the children are learning all about Haiku poems and rhyming couplets in Literacy and the Victorians for their topic. In Literacy, they are finding rhyming couplets in famous poems and looking at who wrote the poems. They already know about syllables and about a famous Haiku poem from Japan. When interviewing Poppy, she explained that you have a specific number of syllables in each line for a Haiku which are 5 7 5.

In History, Year 3/4 are leaning about key dates and inventions during the Victorian times. They have learned about and researched a timeline during their lessons as well. They are looking forward to learning about the industrial part of the Victorian Era. When interviewing Carson he said, "I would like to know when the era stopped," and Poppy explained, "I would like to know what they ate in the Victorian times". Some of the children also explained they would like to learn more about the farming industry and who made the inventions during the Victorian Era.

Year 5/6
Written by Lottie Searson
and Kelsey Birdsey

This term in Year 5/6 we are learning about the Tudors. When speaking to the other children, many of them explained that they already know a little about King Henry VIII and his wives but that they are looking forward to discovering what happened to them and researching Tudor currency.

When interviewing Mrs Mitchell, she explained that she was looking forward to learning about daily Tudor life and couldn't wait to find out more gory information!

Lottie and I can't wait to research the different invasions and compare and contrast how these were similar/different to the Ancient Greek invasions we discussed last term.

Fun Fact: The Spanish Armada fleet was set on fire!

Thank you for reading our newsletter which outlines what each class will be learning this term. As English Ambassadors we aim to:

- To share a love of writing and reading with their class.
- To think and develop creative ways to promote writing and reading across the school.
- To provide pupils with opportunities to record their thoughts and experiences and share them with the school community and beyond.
- To use the school website to promote pupils writing.
- To give the pupils in their class a voice and help them to share their ideas.

We can't wait to take part in future projects at Brooke Hill Academy!
