

We are proud to announce that we are now fully OFSTED Registered and as a result of this, we are able to accept all types of childcare vouchers and the government tax-free scheme as payment for our services.

This is something we have been working on for some time that will hopefully allow even more people to join us at our amazing Holiday Camps.

Childcare vouchers

We are Ofsted registered and we do accept a range of childcare vouchers, these are accepted to pay for our clubs and camps throughout the year. Here is a list of them below.

Care4 / Sedexo / Kiddie Vouchers / Government Scheme / Bravo / Co-op / EdenRed / Computer Share / WiderPlan / Student Loans

Phone: 07894 713 006

Email: enquiries.rhinosportsacademy@gmail.com

To find out what clubs your schools offer please head over to our website

RHINOSPORTSACADEMY.CO.UK/SCHOOL-CLUBS

Rhino sports academy is a new innovative sports company whose vision is to raise the bar on coaching in local schools. We have a team of coaches who specialise across different sports, and we want to share our passion and knowledge of these sports with schools everywhere.

Working with Rhino will give students the chance to experience professional coaching in a fun and engaging environment, where they will learn leadership and develop an understanding of healthy competition as well as gain a deeper appreciation of the rules of the game whilst learning and honing new and specific skills.

CLUBS

Our Rhino clubs run for one hour helping children meet the government guidelines of 60 minutes of moderate-to-vigorous physical activity every day. We are currently coaching over 750 children every week in our clubs. Within our Rhino clubs are offer a wide variety of different sports and activities.

Our sports clubs are very popular, and we offer a number of sports including football, basketball, dodgeball, hockey and gymnastics to name a few. These are offered to the full range of year groups from reception to year 6. Depending on the school we can split the clubs, so the younger children are together in their own club. This helps them with their own development, and we can cater the sessions more to their skill set and needs.

We do have sessions where we have reception to year 6 children. These sessions are a great opportunity for the children to show great teamwork. These are the sessions where we encourage the older children to help the younger children.

As well as sport clubs, we have amazing performing arts and science clubs. Within our performing arts clubs, we break it down into dance and drama. The children will be encouraged to bring out their creative style. Learning how to do script writing and performing. Our coaches have helped write and practice performances that have been shown in front of the school in assembly.

The dance side will get the children learning different types of dances and learning routines shown by the coach. Science club offer children the opportunity to inspire natural curiosity by doing different scientific and STEM experiments. We aim to provide a fun environment that helps understand how science can be used to explain how things behave and analyse the results.

We are launching a new club called arts and crafts. We have had a lot of interest from our schools asking us to set this up. We have arts and crafts camp that run in the holidays, so we have decided to set up a club. This club will help children discover their artistic side with lots of different activities to explore including painting, colouring, and making things from different materials.

CAMPS

Our Rhino holiday camps are always packed with lots of different activities to choose from. They are perfect for children to come and meet new friends, have the chance to do something different and learn a new skill with the range of activities they can do. We have Performing Arts, Multisport and Arts & Crafts. They will have the opportunity to discover their unique abilities and find their artistic talents with Arts & Crafts. Learn new dance routines in performing arts, whilst building their confidence to be able to show off their new skills they have learnt and perform it in front of others.

In Multi sports they will have a variety of different sports including football, basketball, and dodgeball to name a few. Brought together into one package, to keep them active and having fun. Our camps are a great way to keep children engaged during the school holidays. A typical camp day is split into different activities. Multi-sport camps will offer a range of sports during the day. The children can pick which sport they want to do for each part of the day. We will encourage them to pick new and different sports so they can get some versatility. There will be break times throughout the day for the children to go to the toilet and have a drink and a snack. We will have a lunch break in the middle of the day for the children to eat their lunch. We provide lunch to many of the children in attendance. This lunch includes a sandwich, fruit, yoghurts and crisps.

At the end of the camp day, we have a prize ceremony. We have loads of Rhino prizes we give out, including t shirts, hoodies, hats, and snoods to name a few. We have a range of medals and trophies we give out too. All the prizes are given to children who have shown amazing skills throughout the day, as well as behaving and showing good teamwork.

BREAKFAST CLUB & AFTER SCHOOL CLUB

We run breakfast clubs every morning, where we offer a variety of different healthy foods for the children to choose from to get them set up for their busy day at school. They can choose from a range of cereals, waffles, pancakes, toast, and fruit. We have lots of toys and games to keep children entertained in the mornings, or if they would prefer to read. In the warmer months we also go outside to play before beginning their day of school.

We run after school clubs every evening, and as with breakfast club, they can play games, relax after school with a book and sometimes we put on a film for the children to watch. We also offer a healthy snack to keep them going until they get home for their dinner. There is also the option to choose to do the club that we have on that evening which could either be a sports club, performing arts or science.
