

BROOKE HILL ACADEMY NEWS

A SNAPSHOT OF OUR WEEK.

It has been another busy week at Brooke Hill Academy. At the start of the week KS1 were very excited to move back into their area and are enjoying using our new tree house during lessons. We're looking forward to the KS1 opening to officially open it.

Some of our Year 5/6 children attended the Corby athletics event on Tuesday and came 1st! We were incredibly proud of their teamwork and determination. They took part in a number of events including; a relay race, a long distance run, long jump and howler throw. A big thank you to the staff and parents who attended the event and supported them.

KS1 visited the woodlands this week during their science and geography lessons. They are learning all about habitats in science and went on an exciting minibeast hunt, and completed map reading activities. The children had a wonderful time and it was excellent for them to apply their knowledge in a real life setting.

There are still more sports events and trips to come across the school, including Sports Day, sailing (Year 6) and a number of exciting trips relating to class topics.

We are really pleased to share that we will be welcoming Mrs Bagshaw to our team next year. She will be meeting the families of our new reception starters next week as their teacher in September. We are looking forward to working with her.

Have a lovely weekend and see you on Monday!

Year 4, 5 and 6 Corby Athletics

On Tuesday it was a pleasure to take a group of year 3, 4, 5 and 6 children to compete in a mini Olympics. They all ran, threw and jumped amazingly and it was great to be able to come away winning the most gold, silver and bronze awards. The children all showed great sportsmanship and did Brooke Hill proud.

Year 3 and 4

This week, Year 3 and 4 have been learning all about 'Food Miles' in Geography. They have been learning that Food miles is the term to describe how far an item travels to a different country. It is the process of food being exported from one country to another. Food miles allow all of the countries around the world to access a range of food from their local supermarkets all year round.

However, food miles has an impact on our environment because the food needs to be exported to different countries through the use of transportation.

This week in KS1, we all enjoyed our trip to the Woodland Trust. We had a go at map reading, looked for minibeasts and their micro habitats.

In science we have learnt all about food chains and had a go at making our own food chain.

Reminder that sports day for KS1 is on Tuesday 2nd July @ 2pm.
